Mission

The mission of the SIU Department of Public Safety (DPS) is to assist all members of the campus community in the safe and secure pursuit of education by providing an environment that promotes individual responsibility and protects human rights.

The SIU Department of Public Safety works with the University community to protect people at the University; educate our community about security issues, personal safety measures, and protective strategies; prevent disruption of University activities and misuse of premises; protect University and personal property against theft or abuse; provide a visible, reassuring, and readily accessible presence; and foster beneficial community relations.

The Department of Public Safety reports to the Executive Director of Administration and Finance. Additional information may be available by visiting that website at http://www.vcaf.siu.edu

Recognizing and improving the safety and security of the campus is among the goals of Southern at 150: Building Excellence Through Commitment, the long-range blueprint for reshaping the University by its 150th birthday in 2019. The Department of Public Safety reports all safety related issues concerning maintenance issues to the Facility Operations Center.

Commitment to Community

Your safety is very important to us at the University. This publication will help you think in a safe manner, discuss issues concerning safety openly, including unpleasant topics, in order to help us to better understand what we face on campus. What we do, or fail to do, affects our own safety and that of others. The success of individual and University efforts depend on personal and mutual commitment to look after the well being of one another. It is intended to inform you about available services and provide guidance for making the campus a safer place. Please keep this information nearby to use as a reference.

Southern Illinois University is committed to maintaining a safe, healthy, and productive environment for all of its employees and students. The staff at SIU works everyday to provide a safe campus environment and hopes you find this publication to be a valuable resource. Please observe the guidelines outlined here while planning and thinking about safety.

Reporting A Crime

If the crime is in progress, or involves immediate danger, dial 911 or activate any Blue Light Emergency phone. Otherwise, call 618-453-DPS1 (3771).

In an EMERGENCY try to notice details, such as an attacker’s clothing, eye and hair color; build, height, and weight; skin color, tattoos, scars; vehicle make, model, color, and license plate information.

If, after reporting a crime, you remember more information that may be helpful to the case, please contact Public Safety as soon as possible.

After you report a crime, we will suggest where you can get follow-up assistance (depending on the nature of the crime) with our crime prevention staff, the Counseling Center, Wellness Center, the Office of Student Affairs and Enrollment Management, the Human Resources Department, or the Victim’s Advocate at the Jackson County States Attorney’s Office. We may need further assistance from you in the follow-up investigation. After a report is received the Department of Public Safety will conduct an investigation to determine if any laws or University Regulations have been violated. The office of Student Rights and Responsibilities will also investigate reported incidents for violations of University Policy.
**Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**

SIU is committed to enhancing awareness of safety and criminal offenses that may arise on its campus and surrounding areas and thus provides an annual report of crime statistics, policies and programs designed to provide a campus environment that is as safe and secure as possible.

In compliance with the Clery Act, SIU provides this annual report to all students, faculty, and staff and to all others who request it. The annual report includes criminal activity reported to the SIU Department of Public Safety and disciplinary activity referred to the office of Student Rights and Responsibilities, as requested by the Act.

Statistics are submitted to the Director of Public Safety, who is responsible for preparation of the annual report. The Dean of Students also annually requests others within the University community who have provided information for the report regarding policies and programs pertaining to campus safety to review the material to insure its accuracy.

The SIU Department of Public Safety maintains a daily crime log that records all criminal offenses, dates, time, location and disposition, if known, of those offenses that have occurred on campus, in or on a non-campus building or property, public property, or within the patrol jurisdiction of the campus police and is reported to the campus police. Creation of the crime log and its availability for inspection adheres to the mandates of the Clery Act. This log is available for public inspection during normal business hours, 8:00AM to 4:30PM, Monday through Friday.

Monthly, quarterly, and annual reports of all criminal offenses reported to the department are prepared as required by this Act. Statistics are kept for activity occurring on campus, in residence halls on campus, and in University owned or controlled facilities found outside the campus proper.

The Department also annually requests in writing that all applicable jurisdictions, such as the Carbondale Police Department and the Sheriff’s departments of Jackson, Williamson, and Union counties, provide data regarding criminal activity at off-campus locations of student organizations officially recognized by the institution, including organizations with off-campus housing.

**Contact the Department of Public Safety**

**Police—Parking**

As always, in an emergency dial 911 or use a Blue Light Emergency Phone located around campus.

An officer will be sent to your location right away. Other agencies, such as fire or ambulance, will be notified by the police dispatcher as needed.

For general information and non-emergencies, dial (618) 453-DPS1 (3771). Be prepared to give the Telecommunicator your name, location, and a description of the incident.

You may also contact us at:
- Fax— 618-453-4567
- or see our website at
[http://www.dps.siu.edu](http://www.dps.siu.edu)

DPS is located in Washington Square, Buildings A and B, northwest of the Student Recreation Center.

The **Police Department**, in Building A, is open 24 hours a day. **Administrative office hours are from 8 a.m. to 4:30 p.m. weekdays.**

**Parking Division** is located in Building B, and is open weekdays from 7:30 a.m. to 4:30 p.m. Parking Division may be contacted directly by phone at (618) 453-5369 or fax at 453-7456.
Reporting Crimes and Emergencies at Southern Illinois University Carbondale

The SIU Police handle security, law enforcement, and emergencies on campus. Members of the University community are urged to report crimes and other emergencies to the Department of Public Safety, home of the SIU Police, in Building A of Washington Square, northwest of the Student Recreation Center. Help is available 24 hours a day, 7 days a week, by dialing 453-DPS1 (3771). If you are calling from campus to report an emergency, dial 911. Both 453-DPS1 (3771) and 911 are Voice/TTY.

SIU has also installed red emergency call boxes (speaker phones) on campus. They are labeled "Emergency," and are mounted on red poles topped with blue strobe lights. These blue lights activate when a call is made. In an emergency, individuals should press and release the black button to automatically reach SIU Police. Yellow emergency call boxes are also mounted near the front entrances of residential buildings.

All faculty, staff, and students are encouraged to immediately report all crimes and medical or fire emergencies to the SIU Police. SIU Police will contact all necessary emergency personnel.

Individuals wishing to make voluntary confidential reports of possible criminal activity are encouraged to do so by contacting the Department of Public Safety, the office of Student Rights and Responsibilities, or Carbondale Crime STOPPERS. All voluntary confidential reports of offenses covered by this Act will be included within the University’s annual statistics.

Further, the Director of Public Safety annually requests in writing that campus ministers and professional mental health counselors encourage persons they are counseling to report crimes to the Department of Public Safety for inclusion in the annual crime statistics. Such reporting is voluntary and confidential. As appropriate, when crimes covered by this Act are reported to the Department of Public Safety, that department will contact University Communications of the reported offense. University Communications will, when appropriate, issue a “Safety Alert.” Such alerts are intended to notify members of the University community of possible safety concerns. Alerts are provided to local print and television media and are also posted within all residence hall areas on campus.

Reporting Sexual Assaults at SIU

In the event of a sexual assault, phone the SIU Police as soon as possible and report the incident. If badly injured, call an ambulance at 911 and proceed immediately to the hospital emergency room. Do not shower or douche; do not change clothes; do not touch anything the suspect may have touched; do not chase the suspect. Try to remain calm and begin making mental notes of the incident. Police officers do not collect evidence of a personal nature from a victim’s body. Trained medical personnel conduct a physical exam, with the victim’s permission, using the Illinois State Police Sexual Assault Evidence Collection Kit.

Victims of sexual assault may receive counseling through Relationship Violence & Sexual Assault Programs (453-4441), the Counseling Center (453-5371), the Wellness Center (536-4441), or the off-campus Women’s Center (529-2324). The Rape Crisis Center of the Women’s Center provides 24-hour crisis assistance, as well as longer-term counseling for survivors of sexual assault and their significant others. An advocate can accompany you to the hospital at your request. (Note: The Counseling Center and Relationship Violence & Sexual Assault Programs are also Sexual Harassment Information Centers.)

When appropriate, University Housing does allow students to move to another living area after such incidents. Also, when appropriate and reasonably possible, consideration will be given upon request to changing a student’s class enrollment following an alleged sex offense.

Victim Assistance

If you are the victim of a crime against person, the Illinois Attorney General’s Office offers a comprehensive victim assistance program. In addition, a victim’s advocate is available through the SIU Department of Public Safety, Carbondale Police Department and the Jackson County States Attorney’s office.

The advocates can help you navigate the often-confusing criminal justice process and help you to connect with University and community services for your medical or emotional needs.

Sexual assault victims can also receive help on campus from SIU’s Relationship Violence & Sexual Assault Programs and Counseling offices. The off-campus Women’s Center and Rape Crisis Services provide information and educational programming on sexual assault. The majority of these are available to the public.

To find out more about these services, call the Department of Public Safety at 453-DPS1 (3771).
**Relationship Violence**

A person commits domestic battery if they cause bodily harm or make physical contact of an insulting or provoking nature with any household member, including spouses, parents, children, persons who share or formerly shared a common dwelling, persons who have or have had a dating relationship and persons with disabilities and their personal assistants. (See Illinois law for full definition; (720 ILCS 5/12-3.2) (from Ch. 38, par. 12-3.2.)

To seek assistance and shelter from domestic violence, contact the Women’s Center at 549-4807 or 800-334-2094. Information and resources are also available at the SIU Relationship Violence & Sexual Assault Programs at 453-4441.

**Preplanning:**
— Decide where you will go if you leave home
— Identify a safe escape route
— Tell someone about the violence

**If an argument occurs:**
— Try to move away from any weapons,
— Scream loudly and continuously,
— Get away and call 911.

**After an attack:**
— Take pictures of injuries
— Save evidence
— Make a police report—even if you do not want the abuser arrested.

---

**Sexual Assault**

**What is sexual assault?**
Sexual assault is an abuse of power; a crime, and a violation of the University student conduct code. Sexual assault/sexual abuse refers to sexual contact without consent and includes rape, child sexual abuse, attempted rape, and conduct that involves any unwanted touching or fondling of the genitals or breasts of a victim.

Sexual assault refers to sexual penetration, however slight, and includes intercourse, oral, or anal penetration.

Date or acquaintance rape is a crime. When there is reason to believe that sexual assault has occurred, the University will pursue disciplinary action, offer support services, and assist with notifying public authorities as desired.

**What are the penalties?**
In Illinois, depending on the age of those involved, use of force, type of sexual contact, and other factors, a perpetrator may be charged with criminal sexual assault, criminal sexual abuse, aggravated criminal sexual assault or aggravated criminal sexual abuse. Sexual assault is a felony with substantial jail time possible.

**Preventing Sexual Assault**
• Think about how you respond to social pressures. Think about what your sexual needs and wants are before you are in a sexual situation.
• Trust your instincts and intuition. Even if you cannot explain why, you have the right to trust your feelings. If you are feeling uncomfortable, leave the situation. Trust your gut.
• Listen carefully to what the other person is saying.
• Get permission. Never assume you know what your partner wants. Regardless of how long you have known or dated someone, always get permission.
• Communicate effectively. Talk with your partner about what would be most mutually enjoyable. Tell your date what you do or do not want and stick with your decision. Have your words and actions communicate the same message.
• Avoid excessive use of alcohol and other drugs. Alcohol and other drugs interfere with clear thinking and communication.
• Challenge myths and stereotypes. Take a stand! Be willing to challenge friends and others who perpetuate myths and stereotypes about sexual behavior.
• Respect yourself and your date or partner.

**Date Rape Drugs**
These days some very dangerous drugs (GHB, Rohypnol, and Ketamine among others) are being used to sedate potential rape victims. Odorless and tasteless, these drugs dissolve quickly and invisibly into liquids and cause rapid and severe intoxication, dramatically reducing inhibitions and inducing memory loss.

**You can do some simple things to protect yourself against being drugged:**
• Never leave any drink unattended, even for a few seconds. If you do, toss it and get a fresh one.
• Do not drink from communal punch bowls, cups, bottles, or cans.
• Only take drinks from servers or bartenders; do not let another person handle your drink before you drink it.
• Watch out for your friends; if they start to act unusually intoxicated, dizzy, or nauseous, get them to the emergency room right away.

**If you have been sexually assaulted:**
• Stay as calm as possible. Ensure your safety.
• If you do not know the attacker, take note of details, such as clothing, hair, identifying marks, height, and weight.
• Call 911. You can call the police even if you do not want to file an official report or pursue criminal proceedings.
• If you decide to report the incident, specially trained officers will work with you throughout the process. Get medical care as soon as possible. Do not shower, bathe, douche, change clothes, brush your teeth, or eat until after you have been examined for injury and disease, and discussed your options.
• Talk with someone you trust. Talking with someone will give you the caring support you need and help you understand the options available to you. Talk to a friend, your RA, or call the Sexual Assault Hotline at (618)529-2324 or (800)334-2094. Calling the hotline will give you an advocate without obligating you to report an incident.
Sexual Assault (Continued)

Victims Rights

You have the right to:
- Seek medical treatment as soon as possible, including collection of evidence crucial to pursuing criminal charges. By law, evidence is maintained for a specified period of time to allow for this option, should a victim not wish to pursue charges right away. In Illinois, a sexual assault victim is guaranteed medical treatment (at no cost to her or him) at an emergency room through the Sexual Assault Survivors Emergency Treatment Act (SASETA).
- Have allegations of sexual assault treated seriously; you have the right to be treated with dignity. Have an advocate present with you in the emergency room; call the Hotline and an advocate will meet you at the emergency room.
- Report the incident to the police and pursue criminal charges.
- Be free from any suggestion that victims are responsible for the commission of crimes against them.
- Be free from any suggestion that victims must report crimes to be assured of any other rights guaranteed.
- Access the support services here at the University or within the Carbondale community.

Hate Crimes

SIU is proud of its diverse population and will not tolerate any illegal or harassing behavior on the part of one individual directed at another. A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime and the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability, or national origin of another individual or group of individuals, the assault is then also classified as a hate/bias crime. Criminal offenses motivated by an offender's hate or bias include: murder/non-negligent manslaughter, negligent manslaughter, robbery, aggravated assault, motor vehicle theft, arson, burglary, sex offenses, forcible sex offenses, non-forcible larceny-theft, destruction/damage/vandalism of property, simple assault, intimidation, other crimes involving bodily injury in which the victim was intentionally selected because of the actual or perceived race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability, or national origin. In addition, Illinois statutes include the offenses of battery, criminal trespass to residence, real property or to vehicle, mob action, or disorderly conduct. Suspected hate crimes should be reported to the SIU Police, or anonymous calls may be made to 453-BIAS (2427).
On-Campus Disciplinary Action for Sexual Assault at SIU

Procedures outlined in the Student Conduct Code will be followed in investigating and adjudicating cases of alleged sexual assault. These procedures ensure that the accused and the accuser have the same opportunity to have others present during a campus disciplinary procedure. Further, both will be informed of the outcome of any campus disciplinary proceeding. The final determination of the institution and any sanction imposed will be provided to both the accuser and the accused, who may not disclose the information to the public.

A student found in violation of a charge of sexual misconduct will receive one of the following sanctions: disciplinary reprimand, disciplinary censure, disciplinary probation, disciplinary suspension, or disciplinary expulsion. Definitions of these sanctions are found within Part III of the Student Conduct Code. See website:

http://policies.siu.edu/other_policies/Chapter_3.html

Student Rights and Responsibilities’ procedures include informing students of their option to notify proper law enforcement authorities, including on-campus and local police. Personnel encourage such notification and offer to assist. Trained advocates are available to accompany a student through the proceeding. For information or to obtain an advocate, individuals should contact Relationship Violence & Sexual Assault Programs (453-4441), the Counseling Center (453-5371), or the Rape Crisis Services of the Women’s Center (529-2324). If the victim is deceased as a result of the offense the next of kin is notified.

General Access to University Facilities - Building Hours and Access

SIU is a public institution of higher education. Its facilities include areas open to the general public, classrooms, offices and residence halls. Fund raisers, canvassers, solicitors, vendors and their agents may not use University property except with appropriate University approval.

Academic & General
All classroom and office buildings are locked after business or classroom hours weekdays. Morris Library, Hiram H. Lesar Law Building, Student Recreation Center, and Student Center have posted hours detailing when they are open to the public. All other classroom and office buildings remain locked over weekends unless special events have been scheduled.

Residence Halls
Most student residence halls are locked at all times and residents gain entry with their room keys or with an electronic fob. Exceptions are the three high-rise towers (Mae Smith, Neely, and Schneider Halls) and University Hall. These halls have public access through a lobby where a desk attendant is on duty at all times. Attendants check IDs of anyone entering the towers and University Hall 24 hours per day, seven days a week.

Demonstrations
The University prohibits demonstrations which disrupt the regular and orderly performances of authorized University functions; interfere with the safety, welfare, and the rights of members of the University community, University guests and local citizens; or are destructive of public or private property. See website http://policies.siu.edu/other_policies/Chapter_6/demonstr.html

Crime Prevention Programs:
D.P.S. conducted 63 Safety and Crime Prevention programs in 2011. Some of the topics included:
- Rape Aggression Defense
- Severe Weather Drills
- Theft
- Personal Safety
- Traffic Safety
Sexual Harassment—University Policy

The following policy was approved by the SIU Board of Trustees on May 7, 2009.

Sexual Harassment Policy Statement

Southern Illinois University is committed to a policy of providing equal employment and educational opportunities. In particular, Southern Illinois University is committed to maintaining a community in which students, faculty, and staff can work and learn together in an atmosphere free of all forms of discrimination, including sexual harassment. Sexual harassment violates the dignity of the individual and the integrity of the University as an institution of higher learning, and thus, sexual harassment in any form will not be tolerated at Southern Illinois University. This policy applies to all employees, students, contractors, and visitors of Southern Illinois University.

This policy prohibits sexual harassment, retaliation related to sexual harassment claims, knowingly reporting false sexual harassment complaints and knowingly providing false information during the investigation of a sexual harassment complaint. All University employees are responsible for taking reasonable and necessary action to prevent sexual harassment, and all members of the University community are expected to contribute to an environment free of sexual harassment, and are encouraged to report promptly (pursuant to campus procedures) any conduct that could be in violation of this policy. Each SIU campus shall adopt specific procedures for reporting, investigating and resolving harassment claims.

This policy shall not abridge any individual’s speech and due process rights under the First and Fourteenth Amendments; nor shall it abridge principles or rights of academic freedom or the University’s educational mission. Prohibited sexual harassment and discrimination are not expression protected as a matter of academic freedom. For additional information concerning the Sex Harassment Policy visit http://policies.siu.edu/personnel_policies/Chapter4/sexual.html.

Harassing E-mail and Phone Calls

If you receive harassing, obscene, or anonymous e-mail save the message and report it immediately to the SIU Police.

Tips: Do not give your password out to anyone. Do not let anyone else use your account. Do not forget to log out. For more information, or any questions, call SIU Information Technology at (618) 453-6280 or the SIU Police.

If you receive a harassing phone call: Once you realize the nature of the call, hang up the phone. Do not engage the caller in conversation. Give no information. You can try to find out who is calling by dialing *69; however there is a charge. Often, changing your phone number will resolve the problem. If the incidents occur repeatedly, keep a log of the time and date the calls occur, what the caller says, and a description of the caller’s voice. Report the incident to the SIU police.

Other related violations include: violence (physical abuse, direct threats/intimidation, reckless behavior), property damage, disobedience (trespassing), deception/theft, hazing, false fire alarm/bomb threat, stalking and others.

Student Regulations and Policies may be accessed on the SIU website or the Student Rights and Responsibilities office. For more information call (618)536-2338 or visit http://policies.siu.edu/other_policies/chapter3.html.
The "Campus Sex Crimes Prevention Act" (section 1601 of Public Law 106-386) is a federal law enacted on October 28, 2000 that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. It was sponsored by U.S. Senator Jon Kyl of Arizona and supported by Security On Campus, Inc.

The Act amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act to require sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. Requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate State records or data systems. These changes took effect October 28, 2002. These requirements are tied to state eligibility for certain types of federal grant funding and must be implemented through state law.

It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. These changes took effect October 28, 2002 and this notice will be a requirement beginning with the annual security report due October 1, 2003.

Lastly the Act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted. This amendment took effect on October 28, 2000.

The Illinois State Police provides an on-line listing of sex offenders required to register in the state of Illinois. The database is updated daily and allows searching by city, county, and zip code. The Campus Sex Crimes Prevention Act (section 1601 of Public Law 106-386) is a federal law enacted October 28, 2000, to provide for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education.

Information about registered sex offenders may be obtained at the following Web site:

www.isp.state.il.us/sor/

Information about the Student Conduct Code

Student Rights and Responsibilities (SRR) is responsible for the administration of the Student Conduct Code and supervises the student judicial program for social misconduct. SRR conducts disciplinary hearings when appropriate to determine whether a student’s behavior has violated the Student Conduct Code.

The purpose of the Student Conduct Code is to establish and maintain an orderly environment conducive for learning, free expression, free inquiry, intellectual honesty, respect for others and participation in constructive change and to protect the rights of students.

The Student Conduct Program is designed to contribute to the teaching of appropriate individual behavior as well as to protecting the campus community from harm and disruption. Special emphasis is placed on the training and contributions of students who serve on student conduct boards. Boards at SIU are agents formed by the student body in order to adjudicate disciplinary cases at that formal administrative level.

For additional information regarding the rights and responsibilities of students under the Student Conduct Code, or the disciplinary process, contact SRR, located in Woody Hall A302, telephone (618) 536-2338.

www.srr.siu.edu
## Keeping Your Health Safe—Alcohol and Other Drugs

The University is committed to maintaining a safe, healthy, and productive environment for all of its employees and students. In the University community, certain policies have been enacted to establish and maintain well being:

### SIU Alcohol Policy

The use, sale, delivery, possession, and consumption of alcoholic beverages in or on any property owned or controlled by the University is strictly prohibited except as specifically provided in University Policy. SIU Police will enforce state law which prohibits sale to or possession of alcoholic beverages by persons under 21.

The Drug Free Workplace Act and the Safe and Drug Free Campuses Act, in the University’s Personnel Policies and Procedures, provide further details on campus standards, resources, and sanctions regarding alcohol and other drug use on campus. The University’s Policies and Procedures are available through each department and in reference areas of Morris Library. Students can also find copies at http://policies.siu.edu/other_policies/Chapter 6/alcohol.html.

### Alcohol Regulations

Alcohol may be served only to those 21 years of age and older. Drinking alcohol is prohibited on all University property except at approved events, or in specific areas such as designated over 21 residence halls. Any group planning an event where alcohol is anticipated to be available must comply with campus regulations.

### Consequences of Violations

Individuals or groups who violate University policy are subject to sanctions. Organizers of events are responsible for compliance with all applicable laws and regulations at their events. If organizers do not supervise responsible control over the conduct of their guests, they may be held accountable in campus judicial proceedings, in addition to any applicable civil or criminal process. Please contact Student Affairs and Enrollment Management at (618) 453-2461 for details on approval process.

Individuals who engage in dangerous or destructive behavior involving unlawful possession, use, or distribution of alcohol or controlled substances, either on or off campus, may be subject to disciplinary action for violating University policy. Violators risk disciplinary actions up to and including expulsion or termination from the University, as well as prosecution by federal, state and local law enforcement agencies.

### Drug-Free Workplace

The University is committed to maintaining a drug-free environment for its employees and students. The unlawful manufacture, distribution, possession or use of controlled substances is prohibited on property owned or controlled by the University. The University’s specific policy, including possible sanctions, is published in SIU’s Drug-Free Workplace Guidelines/Drug-Free Awareness Program.

### Drug Free School and Communities Act

SIU’s Policy to Prevent the Use of Illicit Drugs and the Abuse of Alcohol by Students and Employees, published on July 15, 1991, sets forth a statement of acceptable conduct, a description of programs available to members of the University community of counseling, treatment and rehabilitation as well as possible disciplinary sanctions for those who violate this policy.

### Wellness Center (618-536-4441)

The Alcohol and Drug Education Program provided by the Wellness Center offers a variety of presentations of alcohol/drug risks and health resources including a web-based program, “Alcohol EDU” offered to all incoming first-year students, used nationally to teach about substance abuse. Programs on Drinking and Driving, Dating and Drinking, and Drug Issues are offered. Individual consultations to screen for alcohol problems are available on a private, confidential appointment basis. Trained positive professionals provide counseling for alcohol, drug and related issues. Programs on self-care, stress, sexuality, and health/nutritional fitness are available.

All drugs have risks. Please contact the Wellness Center at (618) 536-4441 for further information on drugs, risks and resources.
**State and Federal Laws**

The following summary is not intended to be a definitive explanation of the law, but rather an overview of state and federal laws regarding the possession, use, and distribution of illicit drugs and alcohol. It is intended only to be generally representative of these laws.

**Drug Conviction for Possession or Sale (felony or misdemeanor) Under Student Aid Laws:** Conviction for possession cannot obtain any government student aid, loans or grants for 1 year, 2nd conviction for 2 years, 3rd conviction is indefinite. First conviction for sale is 2 years, 2nd conviction is indefinite.

**Illinois State Laws**

**Alcohol**

It is illegal for anyone under age 21 to possess any alcoholic beverages. It is illegal for anyone under 21 to present false evidence of age to purchase any alcoholic beverage. It is illegal to sell or give away alcoholic beverages to a person who is, actually or apparently, under 21 or intoxicated. An underage drinking violation can result in loss of a driver's license for a full year. Penalties for utilizing a false ID to obtain alcohol illegally have increased and include a possible loss of license. Driving while under the influence of alcohol or drugs is a criminal offense. In Illinois the legal limit is .08% (BAC) and if you are under the age of 21, there cannot be any alcohol in your system. A driver who is intoxicated and causes someone's death in an accident may be charged with vehicular manslaughter. If a person is injured by someone who is intoxicated, he or she could have a right of action to recover damages against the person who unlawfully caused or contributed to such intoxication. Infractions of the state's alcohol laws can be punishable by one or more of these punishments: fines, probation, and/or jail time.

**Illicit drugs**

The Illinois state drug laws prohibit possession, sale, and/or distribution of marijuana, even in the smallest quantity or unlawful possession of even small amounts of a controlled substance (e.g., cocaine, LSD, PCP, hallucinogenic substances, stimulants, narcotics) and possession of drug paraphernalia. Violations of the state's law are punishable by a fine and/or imprisonment. Penalties depend on the quantity involved, the criminal record of the violator, and other factors. A Class A misdemeanor may result in a $1,000 fine and/or up to one year in jail. A felony conviction for possession of marijuana is punishable by a fine of up to $25,000 and up to $200,000 for possession of a controlled substance. Penalties for manufacturing and sale of a controlled substance are more severe.

**Federal Laws**

**Illicit drugs**

The following infractions are punishable according to federal law: first conviction of illegal possession of a controlled substance; subsequent convictions for illegal possession of a controlled substance; federal trafficking of marijuana (depends on the form of the substance, quantity, and record of the violator); federal trafficking of controlled substances such as heroin, cocaine, PCP, and LSD (depends on the substance, quantity, and record of the violator).

Penalties for infractions of the federal drug law include imprisonment for up to one year and/or a fine of up to $100,000. Subsequent convictions carry stiffer criminal penalties. Other penalties may apply, such as forfeiture of property used in connection with the crime, denial of certain federal benefits, and revocation of certain federal licenses. A first offense violation may result in five years to life imprisonment (depending on the quantity) and/or a fine of $250,000 to $4 million. Penalties range from five years to life imprisonment and/or fines of up to $8 million.
Alcohol Self Assessment

Questions to ask yourself:

— Do you drink more than 5 drinks containing alcohol per occasion?
— Have you used alcohol or other drugs more than you meant to?
— Have you felt you wanted or needed to cut down on your drinking or drug use?
— Has your drinking/drug use resulted in failure to fulfill obligations (at school, work, home)?
— Have you used alcohol or other drugs in situations that were physically hazardous (driving)?
— Have you used continued your drinking/drug use despite legal or social problems?
— Does it take more alcohol/drugs to get the same effect than it used to?

Positive answers to ANY ONE of these questions indicates at-risk behavior. Being at-risk does not indicate alcoholism or drug dependency, but it does indicate possible alcohol or drug abuse which can lead to many negative consequences.

For a more specific, private and confidential screening, contact the Wellness Center at (618) 536-4441. It is much easier to make changes before the problem gets worse—so get assistance before negative consequences occur.

‘Alcohol Smart’ QUIZ

See how alcohol smart you are by taking this true or false quiz.

1. Alcohol is a sexual stimulant.
2. Drinking only beer or wine does not lead to serious problems.
3. There is no way to sober up quickly.
4. Anyone can drink 2-3 drinks without their behavior or judgment changing noticeably.
5. Most students at college drink a lot.

Answers

1. False. Alcohol decreases inhibitions and judgment, but does not physiologically act as a sexual stimulant. It is a depressant and may in fact decrease performance. Alcohol can set the stage for date rape. Unprotected sexual activity can lead to sexually transmitted infections.

2. False. Most alcoholics drink only beer. A serving of beer (12 oz), a serving of wine (4-6 oz), or a shot of distilled liquor all have the same amount of the drug ethanol. Anyone can die from alcohol poisoning or alcohol overdose on one occasion of too much beer, wine, or liquor.

3. True. Time is the only way to sober up. Each alcoholic drink takes about one hour or more to clear your system. Driving with only .02 BAC (equal to one or two drinks) increases your risk of a crash four times.

4. False. Alcohol changes judgment and behavior from the first drink, whether you can discern it or not.

5. False. The majority of college students drink less than 5 drinks per occasion and disapprove of heavy drinking.

Educational Programs

Various units conduct educational programs on safety-related issues throughout the year. Such programs are offered during New Student Orientation and at various times throughout the year through residence halls, classes, fraternity and sorority houses, and the Human Resources Office.

Sexual assault prevention programs are offered through the Program for Rape Education and Prevention, housed in Relationship Violence & Sexual Assault Programs (618-453-4441), which provides presentations to residence halls, academic classes and other University groups on sexual assault awareness, acquaintance rape, and self-defense for women. Relationship Violence & Sexual Assault Programs also maintains a large collection of audio-visual and written materials pertaining to sexual assault. The Sexuality Program of the Wellness Center (618-536-4441) and the off-campus Women’s Center and Rape Crisis Center (618-529-2324) also provide information and educational programming on sexual assault. The majority of these are available to the public.

SIU’s Department of Public Safety [618-453-DPS1 (3771)] offers numerous programs on sexual assault and self defense, alcohol and drug abuse, DUI education, crime prevention, violence in the workplace, gang awareness, child abuse, firearms safety for children, and other topics are developed upon request.
The Disaster Response Committee at SIU has developed a network of volunteer faculty and staff to assist with the creation of emergency response plans and procedures for all campus buildings. The Building Emergency Response Team (BERT) concept is based on the need to unite and communicate to the numerous departments and staff the emergency response procedures that exist on campus. The major goals of the BERT program are:

- The development of uniform emergency response plans within all campus buildings.
- To develop, unite, train, and communicate with a group of personnel that can work together not only as a large team, but as individual “building teams” to develop, implement, inform, and test emergency procedures in all buildings on campus.
- To expedite the notification, evacuation, and search procedures necessary during most emergencies.

A BERT website (www.bert.siu.edu) is available to assist the SIU Campus BERT Members with the information needed to develop emergency plans for their buildings. Emergency Radio’s have been placed in all buildings so that university personnel can receive ‘real time’ messages about emergencies affecting campus and/or the surrounding community.
Emergency Response and Evacuation Procedures

All members of the SIU community are urged to notify the SIU Police Department (SIU PD) of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or on-going threat to the health and safety of students and/or employees on campus. The SIU PD has the responsibility of responding to and summoning the necessary resources to investigate, mitigate and document any situation that may cause a significant emergency or dangerous situation. Further, the SIU PD has a responsibility to respond to such incidents to determine if the situation does in fact pose a threat to the campus community. If that is the case, Federal Law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

Upon receiving information regarding an emergency or dangerous situation that poses an immediate or on-going threat to the health and safety of students and/or employees on campus, the SIU PD will immediately notify the Chancellor, the Vice Chancellor for Administration and Finance, and University Communications. In the event of a serious incident which poses an immediate threat to members of the SIU community, the emergency notification system will be activated (see Emergency Notification). Some or all of the emergency notification methods may be activated in the event of an immediate threat to the SIU campus community. If appropriate, campus and building evacuations will be done according to the evacuation/shelter-in-place/lockdown procedures described in the Campus All-Hazards Emergency Response and Violence Prevention Plan. The University has in place emergency building directories, posters, signage and the Building Emergency Response Teams (B.E.R.T.). The response and evacuation procedures are tested annually. Storm warning sirens, mass emails, and text alerts are tested regularly and drills are conducted periodically in the residence halls. The University also conducts an annual emergency exercise that is reported to the local Emergency Services Disaster Agency and the Illinois Emergency Management Agency.

Emergency Notification

Emergency Notification System

The Department of Public Safety initiates and maintains a UHF radio system to notify the university community of natural and manmade disasters which impact the university. Radio receivers have been placed in all buildings so that university personnel can receive ‘real time’ messages about emergencies affecting campus and/or the surrounding community.

Upon confirmation that there is an emergency or dangerous situation, Southern Illinois University Carbondale Police Department (SIU PD) will immediately notify University Communications (unless this will cause a delay that will likely jeopardize the health or safety of community members). The SIU PD and University Communications will collaborate to determine the content of the message and will use some or all of the systems described under Emergency Response and Evacuation Procedures to communicate the threat to the SIU Community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. SIU PD or University Communications will, without delay and taking into account the safety of the community, determine the content of the notification and initiate notification, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: SIU Police Department, the Carbondale Police Department, the Carbondale Fire and Jackson County Ambulance Service), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The University uses a multi-layered system for communicating emergency information quickly to the public. Some or all of these methods of communication may be activated in the event of an immediate threat to the SIU campus community. These methods of communication include emergency text messages (SIU Alert – individuals affiliated with SIU can sign up for this service on the SIU homepage and they may include notification to non-affiliated members), mass email, Internet Web site, Emergency Information Hotline (866) 264-6420 or (618) 453-5375 Emergency Radio Notification system, Building Emergency Response Teams (B.E.R.T.). Some buildings as well as police cars are equipped with public address systems. The University will post updates during a critical incident using some or all of these communication methods.
In addition to registering an emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by SIU in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, SIU will notify that individual no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact can do so through the SIU housing contract process. If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify SIU PD at (618) 453-3771 (DPS1). The SIU PD will generate a missing person report and initiate an investigation.

After investigating the missing person report, should SIU PD determine that the student is missing and has been missing for more than 24 hours, SIU PD will notify the Carbondale Police Department (CPD), other law enforcement agencies as appropriate, and the student’s emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, SIU PD will notify the student’s parent or legal guardian immediately after SIU PD has determined that the student has been missing for more than 24 hours. Only authorized campus officials, and law enforcement officers in furtherance of a missing person investigation, may have access to the confidential contact information and that it may not be disclosed to others. This policy does not preclude implementing these procedures in less than 24 hours if circumstances warrant a faster response.

**Rape Aggression Defense Systems**

DPS Police Officers have been trained as instructors for the RAD Program.

To find out about our 12-hour Women’s Self Defense classes, contact the Crime Prevention Unit at (618) 453-DPS1 (3771).
Daily Police Log

All crimes reported to the Department of Public Safety are logged on the police blotter which can be found at the Department of Public Safety.

This daily log contains the nature of the crime, the date the crime was reported, the date and time it occurred, general location, and the disposition of complaint, if known.

Information may be temporarily withheld if releasing information would:  
- jeopardize an ongoing investigation  
- jeopardize the safety of an individual  
- cause a suspect to flee or evade detection  
- or, result in the destruction of evidence.

The only exceptions to these rules are:  
- If the disclosure is prohibited by law, or  
- If the disclosure would jeopardize the confidentiality of the victim.

Safety Alert—“Timely Warning”

As appropriate, when crimes covered by this Act are reported to the Department of Public Safety, the department will notify Media and Communication Resources. Media and Communication Resources will, when appropriate, issue a "Safety Alert."

Such alerts are intended to notify members of the University community of possible safety concerns.

Alerts are provided to local print and television media and are also posted within all residence hall areas on campus. We use several notification methods: WENS, Internet, e-mail, BERT, Public Address System, Radio Notification, and the Emergency Information Line.

Weapons

Possession or storage of any weapon on SIU property without prior written permission from the Director of the Department of Public Safety is prohibited. Weapon storage facilities are available 24 hours per day at the Department of Public Safety, Washington Square A. You must have a valid Illinois Firearm Owner Identification card (FOID) and your own lock to store weapons.

Weapons include:
- Long guns (rifles, shotguns, air rifles)
- Handguns (pistols) tasers, stun guns
- Pellet guns
- Paintball guns
- Bows, arrows, etc.
- Ammunition
- BB guns
- Knives exceeding the length limited by the law
- And any other item described as a weapon in the Official Illinois Compiled Statutes (ILCS) 5/24-1.
Traveling Safely In and Around SIU Campus

Saluki Express — Welcome Aboard!
The Saluki Express mass transit system is SIU’s answer to parking and traffic problems. SIU students, faculty and staff, as well as the Carbondale community, are encouraged to get on board. Relax and be transported to work, school, or popular destinations such as the University Mall, Illinois Avenue and Murdale Shopping Center. This convenient system offers eleven routes that operate seven days a week (while school is in session), and a break route that operates while school is not in session. Full service begins two days prior to the start of each academic term.

Fares and Bus Passes
- SIU students ride FREE, with a valid student ID.
- Bus passes for unlimited rides are available at the Central Ticket Office on the 2nd floor of the Student Center. Fall, Spring, or Summer passes are valid from the first day of class of the designated term until, but not including, the first day of class of the following term. Monthly passes are only valid for the designated month, not for thirty days from the date of purchase (i.e. a monthly pass purchased for July is only valid for July). Passes may be purchased prior to or during the respective period.
- Rates for Fall, Spring or Summer passes are as follows:
  - $50 for SIU faculty, staff and the general public;
  - $46 for CESL* students;
  - $40 for spouses and children of SIU Students.
  - Monthly passes are $17 per month for everyone.
  - Regular fare for non-pass holders is $1.00.
- Exact change only.
- Children under five ride free when accompanied by an adult. Children must be seated with an adult.

Website:
http://www.siustudentcenter.org/salukiexpress/

(*Center for English as a Second Language)

Safe Transportation
Saluki Express, a fully accessible community-wide bus system operated by the University, is available throughout the day and evening.

All Saluki Express routes are scheduled to be free for SIU students carrying an SIU identification card.

For more information call Saluki Express at (618) 549-2877 or see their website at: http://www.siustudentcenter.org/salukiexpress/

Night Safety Transit is a service available to currently enrolled students for transportation to and from campus. For more information call the Transit Office at (618) 453-2212 or see their website at: http://www.dps.siu.edu/Documents/Night%20Safety%20Transit%20FAQs.pdf

Safe Walking
There is safety in numbers! Pair up. Find fellow students or co-workers who will walk with you to your car or home. Organize study groups that travel together to the Library or Student Center. If you cannot find someone to walk with, use the safe public transportation services listed above.

If you must walk alone, walk briskly on well-lit paths in well populated areas. Walk confidently, with purpose. Be alert and aware of your surroundings. Avoid hats that obstruct your vision or head/earphones that impair your hearing. Carry only the cash and credit cards you need. Pre-plan how you would react in different situations. If you think you are being followed—stay calm and look confident. Join a nearby group of people. Let the person following you know you know they are there by looking at them without engaging in conversation. Cross the street, vary your pace, or change direction. If necessary, try to enter any open building and call 911 or activate any Blue Light Emergency Phone.

Safe Driving
Observe the lowered speed limits on campus—
- 20 mph unless posted otherwise
- 10 mph in residential areas

Obey all traffic devices, including stop, yield, and one-way street signs.

Yield to pedestrians in crosswalks.

Driving on the sidewalks and lawn/grassy areas is prohibited except by authorized University Service Vehicles.

A safe & secure campus environment is everyone’s concern.

Do your part!
Parking & You

When you arrive at Southern Illinois University Carbondale, one of your first questions is, “Where can I park?” To find the answer, visit the Parking Division Office located in Washington Square, Building B. Washington Square is located northwest of the Student Recreation Center or just south of the intersection of East Mill and South Washington Streets. Parking personnel can answer your questions and provide you with directions, maps, and appropriate permits.

Unfortunately, not everyone who wants to park on campus can be accommodated. There are approximately 11,500 parking spaces on campus, and more than 28,000 students, faculty, staff, and visitors on campus daily. The allocation of these resources is one of many responsibilities of the Parking Division staff.

Parking employees enforce the rules and regulations published in the Traffic & Parking Rules and Regulations. Copies are available for review at the Parking Division Office and online at www.dps.siu.edu/parking

Some basic rules to remember when parking on campus include:

- All vehicles operating on the Southern Illinois University Carbondale campus are to be registered with the Parking Division Office. Parking staff will determine which type of permit is available to meet your needs.
- Park only in areas valid for your permit. Only visitors may park in metered lots.
- Most lots have restricted usage from 7:00 a.m. to 4:00 p.m., Monday through Friday. Read the signs posted at the entrance of each lot to see what restrictions apply.
- Avoid parking in stalls designated for persons with disabilities or 24-hour reserve stalls unless you have the appropriate permit.

Bicycle Registration and Safety

All bicycles on campus must be registered, either at Parking Division or with the Carbondale Police Department.

Registration at SIU’s Parking Division is FREE.

To register your bicycle you must bring it to Parking Division at Washington Square B during regular office hours (M-F, 7:30 a.m. – 4:30 p.m.). Parking Division staff will assist in obtaining the bicycle’s serial number and will affix a permanent registration decal to the bicycle. The registration decal assists local police with identifying the correct owner of the bicycle and with returning lost/stolen bicycles to their owners.

Bicycles must be equipped as required by state law:

- Reflectors on the pedals
- Reflectors on the front and rear of the bicycle
- If riding after dark, the bicycle must be equipped with an additional headlight and taillight (battery powered).

It is also recommended that you:

- Keep a record of your bicycle’s serial number
- Secure your bicycle in a bike rack with a quality lock
- Remove all valuables from your bicycle when you leave it
- WALK all bicycles through crosswalks and marked ‘Walk Bikes’ areas on campus.

Motor Vehicle and Bicycle Regulation

The University regulates the operation of motor vehicles and bicycles on campus in an effort to provide and maintain a safe and non-congested means for movement and parking of such vehicles on campus.

Bicycles必须 be equipped as required by state law:

- Reflectors on the pedals
- Reflectors on the front and rear of the bicycle
- If riding after dark, the bicycle must be equipped with an additional headlight and taillight (battery powered).

It is also recommended that you:

- Keep a record of your bicycle’s serial number
- Secure your bicycle in a bike rack with a quality lock
- Remove all valuables from your bicycle when you leave it
- WALK all bicycles through crosswalks and marked ‘Walk Bikes’ areas on campus.

Helpful Hints to Avoid Parking Tickets on Campus

- Read the sign at the entrance to each lot. That sign and the hours the restrictions are enforced provide information as to who can legally park in that lot.
- Park in the lots that are the same color as your decal.
- Do not back into or pull through spaces.
- Avoid blocking access areas (yellow curbs, curb cuts, etc.)
- Do not park in metered spaces marked “Visitor Only” if you are not a visitor.
- All motorcycles must be parked in designated ‘motorcycle only’ lots.
- Observe time limits in loading/unloading zones
- Observe the speed limit on campus (20 mph most areas)
- Obey all traffic devices, including stop and yield signs.
- All parking decals expire on August 30.
Brightway Path Lights the Way

The Brightway Path was designed as a pedestrian path which has enhanced lighting. People are encouraged to use this path when walking after dark. Bright yellow signs are posted near the sidewalks that are a part of the Brightway Path.

The Brightway Path may not always be the most direct route, however, it is the safest.

Bright Yellow Signs Mark the Brightway Path Across Campus. Blue lights and red poles mark the Emergency Call Boxes.
Living Safely—On Campus

Living safely in the residence halls requires paying attention to a few important points.

— Keep your windows and doors locked when you are gone, even if you only leave for a few minutes.
— Have your keys ready as you approach your residence.
— Lock your exterior doors.
— If someone knocks, find out who it is before you answer.
— Draw the shades or curtains after dark.
— Do not leave any valuables in places where they may be visible from the outside of your residence.
— Do not leave valuables unattended in floor lounges or other common areas.
— Do not advertise your absence with a note.
— Do not attach your name or address to your keys.
— Keep your room key separate from your car keys in case one or both are lost or stolen.
— If your keys are lost or stolen, contact your Student Resident Assistant and the police.
— Sleep with your bedroom door locked. It affords additional security and also protects you in case of a fire.
— Report defective locks and burned out lights to your Resident Assistant.

Carbondale Crime Stoppers

Carbondale Crime Stoppers is a community program that involves the public, media, Carbondale Police Department and the SIU Department of Public Safety in the fight against crime. It provides a unique way for information to flow from citizens to the police without having to give your name, address, or telephone number. Additionally, Carbondale Crime Stoppers pays cash rewards of up to $1,000 for information that leads to the arrest of an offender.

Call (618) 549-COPS (2677) to report criminal activity.

Website: http://www.carbondalecrimestoppers.siu.edu/

Finding a Safe Place to Live

Conduct a security review with the landlord. Ask questions and carefully inspect your potential home.

Here are some questions to keep in mind:

— How safe is the neighborhood? Contact the Carbondale Police Department for an area crime history.
— Are there smoke detectors throughout the unit, especially near the bedroom area?
— Is there sufficient lighting?
— Is there sufficient outdoor lighting to prevent opportunities for strangers to lurk?
— What about the landscaping? Are there overgrown shrubs or trees where strangers may hide?
— Is there an alarm system?
— Are there quality locks (deadbolt type) on doors as well as locks on the windows?
— Does the Saluki Express stop nearby?

Living Safely—Off Campus

Living off campus requires some different considerations for safety.

— Make sure the locks in your residence have been changed since the previous residents moved out.
— Have a viewfinder installed in your front door. Make sure to ask all uniformed persons or repair people for identification.
— Consider not answering the door or not allowing repairs after hours if it is not an emergency.
— Leave spare keys with a trusted neighbor. Never leave them hidden outside your residence.
— List only your first initial and last name on a mailbox and in the telephone directory.
— Answering machine messages should not indicate that you are single, not home, or on vacation.
— Leave some lights on when you go out, or use a timer to make it appear someone is at home if you consistently arrive home after dark.
— If you are gone for an extended period of time, have a trusted neighbor pick up your mail and keep an eye on your residence.
— If your keys are lost or stolen, change your locks immediately.

University Watch

Students, faculty and staff can help improve campus safety by participating in University Watch.

Modeled after successful neighborhood watch programs, this effort relies on citizens to report unusual or suspicious activity or crimes in progress by phoning the SIU Police. The police take it from there.

SIU Police will conduct House Watch security checks by request for university persons who live on campus in family housing residential units and are going to be away. To register for this service you can contact the SIU Police at 618-453-DPS1 (3771), or apply in person at the SIU Police in Washington Square A.
Workplace Violence

It is the intent of the University through its policy (http://policies.siu.edu/policies/workplaceviolence.htm), procedures, and practices pertaining to workplace violence to reduce the potential for intimidation or threats from occurring, violent acts being perpetuated, and life threatening situations from developing.

Although homicides often account for most of the news headlines, assaults and threats of violence are much more likely to occur against a worker than a homicide.

The General Duty Clause of the Occupational Safety and Health Act states that "each employer shall furnish to each of his employees employment and a place of employment which are free from recognized hazards that are causing or are likely to cause death or serious physical harm to his employees".

Types of workplace violence include: intimidation, e-mail harassment, sexual harassment, telephone harassment, sabotage, computer virus, arson, domestic violence brought into the workplace, employer directed revenge and hostile customer/client.

Common Behavioral Warning Signs of Workplace Violence Offenders

• Vocalize or act out intentions before committing act of violence
• Exhibit strange, threatening, or uncomfortable behavior over a period of time
• History of violent behavior
• Severe or chronic depression
• Constant blaming of others
• Chronic or severely elevated frustration levels
• Preoccupation with weapons
• Obsession with another individual, evidence of romance obsession
• Alcohol or chemical dependence
• Prefer an unchanging work environment
• See people as objects
• Verbally threatens or talks of getting even
• Views violence as legitimate

If you encounter a violent person, you should:
1. Attempt to remain calm.
2. Maintain direct eye contact.
3. Slow down your speech and speak clearly.
4. Stand erect and self-assured.
5. Do not argue.
6. Give the person extra space and do not speak with your hands.
7. Get assistance.
8. Be prepared to execute your pre-arranged emergency signal and escape route - to include moving to a safe room. (A safe room is a room with a solid core door that automatically locks and is equipped with a telephone).
9. REPORT all incidents to a supervisor and the SIU police at (618)453-DPS1 (3771).

Engineering and Administrative Controls that help mitigate exposure to workplace violence:
• Know what your employer expects from you.
• Post emergency phone numbers and know how to use emergency notification equipment.
• Evaluate office workspace to provide barriers where appropriate and eliminate them where inappropriate. Provide for clear visibility and sufficient lighting. Eliminate potential weapons from around your workspace.
• Designate a pre-arranged emergency signal and make sure everyone in the office knows it.
• Develop and practice an emergency escape route.
• Set up a buddy system—there is safety in numbers.
Environmental Health and Safety

Environmental safety is also considered an important factor in the safety of students at the Carbondale Campus. The Center for Environmental Health and Safety (CEHS) coordinates all activities associated with environmental regulatory compliance. The Center has four sections: Environmental Compliance, Laboratory and Hazardous Waste, Occupational Health and Safety, and Radiological Safety.

Overall, CEHS has as its mission to monitor environmental laws emanating from Federal and State governments, to determine their potential impact on the University and on specific units of the University, to advise the University and appropriate units of these impacts and how to best address them, and to monitor the implementation of compliance efforts. The purpose of this mission is to ensure that University students and employees have a safe working environment and that activities carried out by the University do no harm to the environment.

Some specific responsibilities covered by CEHS include:

- Drinking water quality
- Indoor air quality
- Fire safety
- Job safety analyses
- Respiratory protection
- Hazardous Waste Disposal
- Biological, chemical and radiological spill response
- Safe use and handling of biological, chemical and radiological materials
- EHS-related training (i.e. hazardous material use and disposal)

Contact Information:

Center for Environmental Health and Safety
1325 Radio Drive, MC 6898
Carbondale, IL  62901
Phone:  (618) 453-7180
Email:  info@cehs.siu.edu
Web:  www.cehs.siu.edu
The University took action in 2001 to more stringently enforce policies pertaining to the possession and use of alcohol and other drugs. University Housing staff worked even more closely with the Office of Student Judicial Affairs to include more behavior occurring off-campus than in previous years. The Dean of Students reserves the right to notify parents on the first offense depending upon the severity of the infraction.

The jurisdiction statement of the University’s Student Conduct Code was revised. This revision, which took effect at the beginning of Fall Semester 2001, expanded the jurisdiction of the Office of Student Judicial Affairs to include more behavior occurring off-campus than in previous years.

* 2011 statistics - 1 hate crime reported in an on-campus residential facility.

A hate crime as defined by Clery includes any of the above offenses reported to the SIUC Department of Public Safety, a Campus Security Authority, or any other local authority that is consistent with the geographic guidelines set forth in the "Location Definitions" in this report. The crime must manifest evidence that the victim was intentionally selected because of the perpetrator’s bias.
Daily Crime and Fire Log

The Department of Public Safety maintains a combined Daily Crime and Fire Log of all incidents reported to the Department of Public Safety. This includes all crimes, fire-related incidents and other serious incidents that occur on campus, including areas jointly patrolled by the University Police and the Carbondale Police Department, in non-campus buildings or properties, on public property or within the Department of Public Safety patrol area.

The Daily Crime and Fire Log includes the incident type, date incident is reported, date and time of occurrence, and general location of each reported incident type, as well as the disposition of the incident, if this information is known. The Department of Public Safety posts specific incidents in the Daily Crime and Fire Log within two business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances as permitted by law.

In addition, a Fire Log is available for public inspection online at http://www.dps.siu.edu.

Annual Fire Safety Report

The Higher Education Opportunity Act (HEOA) requires two fire safety-related requirements on institutions that participate in federal student financial aid programs which follow:

1. **Fire Log:** Institutions must keep a fire log that states the nature of the fire, date, time, and general location of each fire in on-campus student housing facilities. Southern Illinois University Carbondale complies with this rule by including all fire-related incidents in the Daily Fire Log. To view the most recent seven (7) days of information please visit the DPS website for daily crime and fire-related incidents at: http://www.dps.siu.edu.

2. **Annual Fire Safety Report:** Institutions with on-campus student housing facilities must publish annually a fire safety report that provides information on campus fire safety practices and standards. Southern Illinois University Carbondale complies with this regulation by including all fire-related incidents at on-campus student housing facilities as part of the Annual Security & Fire Safety Report. Information contained in this annual fire safety report includes: number and cause of fires at all on-campus student housing facilities; number of fire-related deaths; related injuries; value of fire-related property damage; information on evacuation procedures; fire safety education and training programs; fire safety systems in each student housing facility; number of regular mandatory supervised fire drills; and policies on portable electrical appliance, smoking and open flames. The Annual Security & Fire Safety Report must include three (3) years of data.*

*Revisions to the Higher Education Opportunity Act (HEOA) for Fire Safety and reporting were proposed in 2008.

**Race to Fire Safety**

**Rescue—Alert—Confine—Evacuate**

Plan ahead in case of a fire. Make sure you know two ways out of your residence to safety.

- **Rescue** and relocate anyone in immediate danger. Be aware of individuals with disabilities.
- **Alert** others by activating the building fire alarm and dialing 911 from a safe location.
- **Confine** the emergency by closing doors. First close the door to the room in which the fire is located.
- **Evacuate** immediately. Do not use elevators; use the stairs instead. If there is smoke or heat, crawl close to the ground.

If there is smoke in the hall, stay in your room, close the doors, place a wet towel along the bottom of the door, dial 911 for help, and provide your location. Stand close to the window and wave an item of clothing so rescuers can see your location. [http://www.campusfiresafety.org/](http://www.campusfiresafety.org/)
