## Quick Reference Guide for Incidents of:

Sexual Violence, Domestic and Dating Violence, Stalking, Sexual Harassment, and Sexual and Gender-Based Discrimination

### REPORTING OPTIONS

### REPORTING OPTIONS

#### CONTACT LAW ENFORCEMENT

##### Incidents on SIU Campus:

If it's an emergency, call 911. For non-emergency incidents, call the SIU Department of Public Safety, 618-453-3771. Reporting crimes and emergencies to the Department of Public Safety will generate a law enforcement response and investigation. The Department will notify the necessary University staff of the incident.

##### Incidents within Carbondale:

If it's an emergency, call 911, for non-emergency incidents call the Carbondale Police Department, 618-457-3200. Reporting crimes and emergencies to the Carbondale Police will generate a law enforcement response and investigation. Carbondale Police works closely with the SIU Department of Public Safety and the University, with reports being forwarded to the necessary University staff of the incident.

#### SEEK MEDICAL ATTENTION

Students can go to Student Health Services (located on campus) for the treatment of illnesses or injuries, as well as medication for the prevention of pregnancy and sexually transmitted infections. Student Health Services may also provide low cost medical and psychological support for ongoing issues related to an experience of gender based violence. Students in need of forensic evidence collection should go to Memorial Hospital of Carbondale. The Memorial Hospital of Carbondale has a sexual assault nurse examiner on staff trained in the collection and preservation of evidence in cases of sexual assault.

#### SEEK CONFIDENTIAL SUPPORT

Trauma affects everyone differently and staff at Student Health Services are available to help. Counseling and Psychological Services (CAPS) provides confidential emotional and psychological support. The university also employs a Confidential Advisor to guide students through the reporting and investigation process and assist students seeking accommodations.

#### REPORT TO THE UNIVERSITY

When a report is made to the University, you have the option of addressing the incident under the University's Policies and Student Conduct Code. The University will provide any available interim protective measures such as academic accommodations, changes to housing, and changes to class or work schedules.

The University will initiate an investigation regardless of where the incident occurred. University reports can be made to any SIU Employee, any SIU Campus Security Authority, The Office of Equity and Compliance, Title IX Coordinator, or Student Rights and Responsibilities.
